

Safety Restrictions

COVID 19 - How To Keep Safe

Following the Government guidelines, we are taking strict measures to be able to continue providing our services.

Below you will see what we are doing to keep you and our team safe.

LIMITED NUMBER OF PEOPLE:

We are restricting access to the studio to a maximum of 6/12 people (depending on the Studio you have booked). This ensure your shoot is safe. If you do need a larger group, please contact us so we can discuss further. We could suggest to stagger people at different time or use our other studio as well.

YOUR ARRIVAL AT THE STUDIOS:

Before you enter the building, we will take your body temperature using a touch-free thermometer. Anyone that shows signs of a high temperature will be turned away to protect everyone. After taking your temperature we will ask you to wash your hands or use hand sanitiser.

PPE FOR EVERYONE:

We provide PPE for you and everybody in your team. This consists of disposable gloves and disposable face masks. Anti-bacterial hand gel (70% Alcohol) is available throughout the studio. Disposable paper towels are provided. Masks and Gloves must be worn by everyone at all times. The obvious exception is for the model/talent that can remove PPE during the shoot.

2m DISTANCE AND FAC COVERING:

Please respect the 2m distance at all time within the studio and the building. In all communal areas you and your team are required to war a face covering. This is to protect everyone else as much as yourself. Anyone refusing to wear a mask throughout the communal areas will be asked to leave.

OUR CLEANING REGIME:

At the end of each shoot our staff will be cleaning the studio and all equipment used with anti-bacterial detergent. All door handles, taps, chairs, sofas, light switches and any other point of contact will be wiped and taken care of. This is all in addition to our regular cleaning procedures.
